

RECOGNIZED FOR HIGH FOOD SAFETY MANUFACTURING STANDARDS FOR 11TH STRAIGHT YEAR

NEW ORLEANS, LA (OCTOBER 21, 2020)

Reily Foods Company is proud to announce another year of top food safety and quality ratings awarded to its multiple facilities across 3 states. Reily's New Orleans facility has recently been awarded the top food safety manufacturing rating of AA from BRCGS. This is the 11th consecutive year that the company's New Orleans location has earned the highest possible score for announced audits. Reily's manufacturing facility in Knoxville, TN, has also received an AA rating, marking its 10th consecutive year with ratings of A or AA. Additionally, the company's more recently acquired Malden, MA, and Wilmington, MA, facilities have received AA ratings for the 4th year in a row.

BRCGS is a leading brand and consumer protection organization and an internationally recognized accreditation body for the audit and certification of the Global Food Safety Initiative (GFSI). This certification recognizes that Reily Foods' manufacturing facilities are committed to achieving worldwide best practices in the food and beverage manufacturing industry.
